Covid-19 Policy

With regards to Covid-19, we are planning our live-in person meeting as scheduled and each hotel has implemented different policies to help with the safety and cleanliness of their facilities. If there is a local ordinance, law or policy that would prevent the review from being in person, we would ship the materials to you and have the seminar virtually at a designated date of January 22nd, 2021 – January 24th, 2021. This would NOT be a pre-recorded lecture that other companies are offering if this were to happen. Our live stream would still be interactive and live and not a pre-recorded video. We would still do door prizes and be able to answer your questions LIVE. In the rare case that this were to happen, we will issue all students a \$50 refund and would ship the book to you at our expense and would not charge additional for shipping. For this to be an option the seminar location and city where you have registered must be affected.

The Seminar was fantastic! Andy and Shannon really do prepare you for boards! It's a fun and interactive jam packed 3 days. I'm so glad our entire class came to it. The instructors were very engaged and well thought out material. If your debating on going to one of Andy's board reviews- GO! You will not be disappointed at all! Every detail was thought out and planned smoothly! I promise you will not regret it.

100% recommend this review. The instructors and the book are very informative. Dental Hygiene Academy makes you feel so much ease with taking the national board. They stay up to date on all the latest with the exam. If you are trying to make a decision on which board review to do I would go with this one. You will not be disappointed!

Best review ! The instructors/faculty do an awesome job of keeping everyone awake and interested for a crash course in everything you need to know! I learned a lot of ways to remember tough material !! If you considering Dental Hygiene Academy, don't hesitate! The book is so much better compared to other companies!!
